

# Symposium Oncopole 2018

Mobilize. Innovate. Cure.

1 – 2 November 2018

## Day 1: Thursday, November 1<sup>st</sup>

**16:30-17:30** Registration

**17:30-19:30** International Keynote Speakers – Opening Night  
Advances in Cancer Research Through Personalized Medicine and Data Sharing

**Opening Remarks**  
Oncopole

**Dr. William Dalton**  
Founder and Executive Chair of M2Gen, Moffitt Cancer Center

Moving from Reactive Medicine to Proactive Medicine Through Data Science and Collective Impact

**Dr. Pierre Hainaut**  
Director of Institute for Advanced Biosciences, Inserm-CNRS-  
Université Grenoble Alpes

A Framework for International Data Sharing and France Génomique 2025

**19:30** Cocktail and Networking

## Day 2: Friday, November 2<sup>nd</sup>

**7:30-8:30** Registration and Breakfast

**8:30-8:40** Welcoming Address

**Oncopole Representative**

Oncopole Initiatives and Programs: An Overview

**8:40-10:00** Therapy and Drug Development (1)

**Dr. Rima Al-awar**

**Director and Senior Principal Investigator, Drug Discovery Program,  
Ontario Institute for Cancer Research**

Drugging PPIs: Case Studies from the OICR Drug Discovery Program

**Dr. Trang Hoang, Institute for Research in Immunology and Cancer,  
University of Montreal**

Therapeutic Vulnerabilities in Acute Leukemia

**Dr. Sonia Cellot, CHU Sainte-Justine Research Center, University of Montreal**

Establishing a Chemogenomic Screening Pipeline for High Risk Acute Pediatric Leukemias

**Dr. Francis Rodier, CHUM Research Center, University of Montreal**

Targeting Genome Instability as an Essential Vulnerability in Ovarian Cancer

**10:00-10:20** Coffee Break and Poster Session

**10:20-11:20** Therapy and Drug Development (2)

**Dr. Claude Perreault, Institute for Research in Immunology and Cancer,  
University of Montreal**

Development of Precision Therapeutic Vaccines Against Acute Myeloid and Lymphoid Leukemias

**Dr. Morag Park, Goodman Cancer Research Center, McGill University**

Targetable Vulnerabilities to Overcome Drug Resistance in Poor Outcome Breast Cancers

**Dr. Brigitte Guérin, CHUS Research Center, Sherbrooke University**

Optimizing Care for Castration-Resistant Prostate Cancer Patients Using Triple-Tracer Molecular Imaging and Targeted Radioligand Therapy

**11:20-11:40**

Impact in Immunotherapy and Precision Medicine Through Federating Resources in Quebec

**Dr. Ian Watson, Goodman Cancer Research Center, McGill University**

Terry Fox Montreal Cancer Consortium

**11:40-12:05** View From the Biden Cancer Initiative

**Dr. Gregory Simon**  
**President, Biden Cancer Initiative**

Creating the Cancer Care System You Think We Already Have

**12:05-13:15** Lunch

**13:15-13:45** Ontario Leadership in Cancer Research

**Dr. Laszlo Radvanyi**  
**President and Scientific Director, Ontario Institute for Cancer Research**

Driving Cancer Translational Research in Ontario: The Past, Present, and Future

**13:45-14:40** Advances in Immuno-Oncology

**Dr. Dmitriy Zamarin**  
**Medical Oncologist, Memorial Sloan-Kettering Cancer Center**  
**Gynecologic Medical Oncology Immunotherapeutic Service**

Oncolytic Viruses and Other Immunotherapies in Gynecologic Cancers: Opportunities and Challenges

**14:40-15:00** Coffee Break and Poster Session

**15:00-16:15** Quebec Cancer Ecosystem Leading to Better Patient Care

**Dr. Gerald Batist, Co-founder of the Quebec Clinical Research Organization in Cancer (Q-CROC), Director, Segal Cancer Center, Jewish General Hospital, McGill University**

The Q-CROC Network in Support of Clinical Research

**Dr. Dominique Tremblay, Charles-Le Moyne Hospital Research Center, Sherbrooke University**

Collective Governance in the Quebec Cancer Network: A Realist Evaluation of Emerging Mechanisms of Institutionalization, Multi-Level Governance and Value Creation Using a Longitudinal Multiple Case Study Design

**Paul L'Archevêque, Head of Health and Social Services Innovation Office, MSSS, Québec**

Strategies to Foster Better and Faster Integration of Innovations in Oncology in the Québec Healthcare System

**Dr. Serge Marchand, Scientific Director, FRQS**

FRQS' Vision and the Development of Science in Québec

**Closing Remarks – Oncopole**

**16:15** End of the Symposium
